

Navigate The Road Ahead with Focus and Strategy

Pandemic Proof

Rebuild to Pre-Covid and Beyond with Transitions Group

Abrupt changes to the dental landscape have been profound. The road ahead doesn't have to be lonely and daunting. We at Transitions Group are here for you. Partner with us and together we will navigate and elevate your practice to conquer Dentistry's new normal.

With over 20 years of experience, and through 149 days and counting of Covid survival adaptation, Transitions has identified the 6 critical areas for operating a dental practice during a pandemic.

The 6 steps encompass leadership, contactless patient experience and retention, team synergy, hygiene management, advanced scheduling, collections, and controlling overhead with healthy cashflow.

We will do it together!

**Contact us today to schedule your complimentary
30 minute Pandemic Proof Consultation.**

- 1 Lead Team and Change
- 2 Optimize Clinical Production
- 3 Re-activate Patient Confidence
- 4 Increase Case Acceptance
- 5 Collect What You Produce
- 6 Maximize Profitability

Pandemic Proof Pivots will...

Conquer Your Problems

1

Lead Team and
Change

Fear of Uncertainty
Chaos of Change
Employee Burn-out / Low Team Morale
Unknown Practice Metrics

2

Optimize Clinical
Production

Lost Production
Scheduling of AGP Procedures
Diagnosis with Reduced Hygiene Exams
Lack of New Patients

3

Re-activate
Patient
Confidence

Overcome Pandemic Objections
Inconsistent Patient Messaging
Active Patient Retention
IPAC Manual Compliance

4

Increase Case
Acceptance

Chairside Case Presentation
Contactless Virtual Consults
Getting Patients to say YES in a Pandemic
Outstanding Dentistry Focus

5

Collect What
You Produce

Inconsistent Financial Policy
Out of Control Accounts Receivable
Making Dentistry Affordable
Increased Expenses Due to PPE

6

Maximize
Profitability

Cash Flow / Break Even Awareness
Decreased Bottom Line
Leverage Buying Power
Protect and Grow Your Value

Results Guaranteed!
